

Once upon a time Dementia Uk Song Andrew Smith

Jody-

Once upon a time there was a girl
With a wild imagination and dreams for the world
Will they ever come true?
When she closes her eyes, the world she sees, sunshine flowers and made up
stories.
Will they ever come true?

And these feet will have wandered throughout the world
These fingers will have touched the stars in the sky
And this heart will have loved once upon a time

Can you hear my voice X4
reach out to you

Hear my story talk to you sing with you
Hear my story talk to you reach out to you
Hear my story talk to you sing with you
Hear my story talk to you reach out to you.

Once there was a boy, who talked to the moon, surrounded by stars that lit up his
room.
These dreams within reach when you are near
Sometimes they're real, sometimes they're not.
Hold my hand and share what we've got.
These dreams with in reach when you are near.

And these feet will have wandered throughout the world
These fingers will have touched the stars in the sky
And this heart will have loved once upon a time

Can you hear my voice X4
reach out to you

Hear my story talk to you sing with you

Hear my story talk to you reach out to you
Hear my story talk to you sing with you
Hear my story talk to you reach out to you.

And I hope this story wars with age, like those before me.

Can you hear my voice X4
reach out to you

Hear my story talk to you sing with you
Hear my story talk to you reach out to you
Hear my story talk to you sing with you
Hear my story talk to you reach out to you.
