

Our World composed by Primary school children from the Wirral

Our World , one heart don't turn away

It's up to us

To try and unite a fusion of communities

And listen to the music

Be kind, be nice

Be grateful for the things that make you smile

We can do anything.

Yeh we can do anything.

Shimmer and sparkle and just be yourself

You'll see we're unique, come together there's strength.

Believe in the dream and we'll all come alive

You'll see we're unique come together lets celebrate, lets celebrate

Oh everybody's different

Oh special in their own way

Oh we're better off together

Oh we're friends come on let's celebrate, let's celebrate

Our world one heart

Doesn't matter what you look like, doesn't matter who you are

So try and unite a fusion of communities and listen to the music.

Be loud, be proud

Don't worry about how you sound

We can do anything

Yeh we can do anything

Shimmer and sparkle and just be yourself

You'll see we're unique, come together there's strength.

Believe in the dream and we'll all come alive

You'll see we're unique come together let's celebrate, let's celebrate

Oh everybody's different

Oh special in their own way

Oh we're better off together

Oh we're friends come on let's celebrate, let's celebrate x2
